

STREET TREE PLANTING DELIVERING OUR INTEGRATED GREENING STRATEGY

February 2025

WAKEFIELD STREET, ADELAIDE

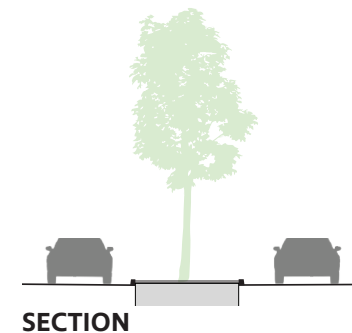

Example of juvenile Spotted Gums in median

Number of trees: **47**
Species: *Corymbia maculata* (Spotted Gum)
Height: 5-20m
Canopy spread: 8-15m
Foliage: Evergreen

PLEASE NOTE: Further investigation of underground services, vehicular turn paths and sight distance assessments will be undertaken to determine exact placement of new trees and may affect final number planted. Final tree species selection is subject to availability.
