Dear Businesses

This letter is to provide advance notification of the City of Adelaide's 12-month trial of three 'Hindley Street Footpath Extensions'.

The purpose of the trial is to address immediate safety issues on the street by increasing the walkable space in three selected areas. To achieve this, the footpath will be widened to alleviate existing pinch points.

The trial areas have been identified in consultation with businesses and SAPOL and aim to clear congested outdoor dining furniture currently on the footpath by moving the furniture into the extension locations. The footpath extensions will be edged with planter boxes to provide safety from passing traffic. The planter boxes will contain low-level plants which will also provide an element of greening to the street.

Time frame: The trial will commence in November 2021 and will conclude in November 2022.

Parking: The trial is designed to have minimal impacts on street parking. 2 x ticketed parks and 2 x loading zones will be impacted.

Feedback: CoA will review the trial on an ongoing basis and welcomes your feedback. For more information visit:
